

Objective

In EYFS, Science is part of our [understanding the world](#) area of learning. Children are given opportunities to explore the natural world around them, making observations and drawing pictures of animals and plants. They know some similarities and differences between the natural world around them and contrasting environments, drawing on their experiences and what has been read in class. They are also able to understand some important processes and changes in the natural world around them, including the seasons and changing states of matter.
