

### Objective

In EYFS, geography is part of our [understanding the world](#) strand. Children will be able to describe their immediate environment using knowledge from observation, discussion, stories, non-fiction texts and maps. Children will know some similarities and differences between different religious and cultural communities in this country, drawing on their experiences and what has been read in class. They will also feel confident to explain some similarities and differences between life in this country and life in other countries, drawing on knowledge from stories, non-fiction texts and – when appropriate – maps.
